PROFESSIONAL SUMMARY

Motivated and detail-oriented B.Sc. Computer Science graduate with a strong foundation in computer programming, software development, database management, and problem-solving. Eager to begin a professional career in the IT industry and apply academic knowledge in a practical work environment. Quick learner with excellent communication, teamwork, and analytical skills. Passionate about learning new technologies and adapting to challenging situations. Seeking an opportunity to contribute to organizational success while gaining valuable industry experience and enhancing technical and professional skills.

INTERNSHIP

Data Analytics Intern — YBI FoundationDuration: 15 Days

- Assisted in collecting, cleaning, and organizing raw datasets for analysis.
- Performed exploratory data analysis (EDA) using tools like Excel/Python to identify patterns and insights.
- Worked on real-time datasets to practice preprocessing, feature selection, and basic model building.
- Gained hands-on experience in interpreting data trends for decision-making.

EDUCATION

Bachelor of Science in Computer Science

Dwaraka Doss Goverdhan Doss Vaishnav College

2023 - 2026

- GPA: 7.75/10.0
- Relevant Courses: Data Structures, Web Dev, Python,PHP,Data Mining

SKILLS

- Programming Skills : Python , Sql , Html , Css , Java , DBMS , Excel , Word, Power Bi , Tableau
- Soft Skills : Problem-Solving , Critical Thinking , Time Management , Quick Learning Ability , Teamwork

PROJECTS

Sales Data Analysis Using Excel & Power Bi

- Collected and cleaned raw sales data to remove duplicates and missing values.
- Created visual dashboards (bar charts, line graphs, heatmaps) to present insights.
- Provided recommendations to improve sales and marketing strategies.

Real-Time Accident Analysis and Prediction Model

- Developed a machine learning-based system to analyze real-time accident data and predict accident-prone locations using historical and live traffic information.
- Applied data preprocessing, visualization, and predictive analytics techniques to identify risk factors and improve accident forecasting accuracy.
- Designed an interactive dashboard for monitoring accident trends, generating insights, and supporting proactive road safety decision-making.

CERTIFICATES

- 1 .HERE AND NOW AI (first chatbot application)
2. YBI FOUNDATION (data analytics internship)
3. NOVITECH (data analytics master course)
- 4.TSC ION (interview skills)
